

## VACANCY

### HEAVY DUTY MECHANIC

Sandy Lane Hotel, an AAA Five Diamond, Forbes Five Star exclusive resort and a member of Leading Hotels of the World, is seeking to recruit a Heavy Duty Mechanic.

#### **The Role**

As a Heavy Duty Mechanic, you will perform specialized mechanical maintenance and repairs of gasoline and diesel-powered turf equipment.

#### **Key duties and responsibilities:**

- Determine parts and tools needed to complete repairs using paper and electronic manuals.
- Maintains, repairs and rebuilds combustion engines, locates and adjust defects on motorized equipment.
- Diagnose faults or malfunctions using computerised or other testing equipment to determine the extent of repair required.
- Performs engine tune-ups and remove and install automatic and manual transmissions, clutches, engines, drive shafts and tires.
- Repairs and replaces hydraulic systems components.
- Repairs & replaces engine components on small and large gasoline and diesel engines.
- Check out electrical problems and makes necessary repairs on 12, 24 & 48 volt systems.
- Overhauls brake systems on equipment.
- Operates a reel mower grinder and other specialized sharpening equipment to maintain optimum quality of cut on all mowing equipment.
- Assist with the daily set up & the repair of mowing equipment.
- Operates power-driven machinery & small power tools to test for proper operation.
- Welds and cuts as needed using various welding techniques.
- Fabricates, modifies, and installs special equipment or replacement parts using welders, torch sets, and metal cutting saws.
- Moves objects such as reels, engines, and mower decks weighing up to 70 lbs. using chain lifts or hand trucks in order to load and unload, rebuild, install, repair, sharpen and service equipment.
- Cleans work area and equipment. Works with cleaning fluids and agents, chemicals, solvents, and degreasers using normal protective equipment. Works in a variety of weather conditions while repairing equipment.
- Comprehends and makes inferences from service and technical manuals (paper or electronic), and specification charts to repair or rebuild equipment.
- Understands schematic drawings from technical manuals (paper or electronic) to troubleshoot electrical and hydraulic problems to repair or rebuild equipment.
- Learns job-related material through on-the-job training and classroom instruction regarding repair, maintenance, and troubleshooting of equipment.
- Maintain safe & effective working practices.
- Any other job related duties assigned from time to time.

**Our ideal candidate must possess:**

- A valid heavy duty driver's license, proven leadership qualities and basic computer knowledge.
- A complete knowledge of power, hand tools, methods and materials used in golf course maintenance, grounds construction and building maintenance.
- Ability to operate all golf course machinery, light trucks/ utility vehicles and motorized equipment.
- Knowledge and understanding of the Health and Safety requirements and risk management.
- Ability to follow oral and written instructions.

The successful candidate must consistently maintain the highest standard of service and operational efficiency within all areas of responsibility.
